

NLR-LB

The Halo Light Barrier minimizes unwanted light bleed (crosstalk) between adjacent halo connectors. This allows the distance between adjacent connectors to be reduced to 25 mm.

Suitable for:

[XLR-Halo A-Series](#)

[etherCON Halo A-Series](#)

Features & Benefits

- Prevent light bleed.
- Easy to handle
- Mountable together with the chassis

Technical Information

Product	
Title	NLR-LB

Material	
Contacts	Bronze

Environmental	
Solderability	Complies with IEC 60068-2-20
