QUALITY, RELIABILITY AND SAFETY

UNPARALLELED DESIGN

The NEUTRIK Premium Power Cord series has assembled powerCON TRUE1 connectors and assembled NEMA plugs. These powerCON TRUE1 connectors are fully standardised and UL-certified. All premium cord sets and connection cord sets are tested in accordance with UL 817. When it comes to quality and safety, we set the bar high.

COMPLIANCE MATTERS

Our powerCON TRUE1 connectors go above and beyond, proudly designed according to UL498, UL 60320-1 and CSA 22.2 No. 60320-1 specification, complying with all required norms and standards. You can trust that your equipment is in good hands with NEUTRIK.

SAFETY FIRST

At NEUTRIK, we prioritize your safety above all else. Our power cords are rigorously tested to ensure they meet the highest safety standards in the industry. With the NEUTRIK power cord premium series, you can enjoy peace of mind, knowing that your equipment is protected.

RELIABILITY

That's Guaranteed: Our power cords are not only safe but also incredibly reliable. Thanks to our innovative materials and the use of high-quality cables, you can trust that your NEUTRIK power cord premium series will perform flawlessly, even in the most demanding environments.

PROVEN TECHNOLOGY

We have harnessed the power of the proven powerCON TRUE1 connector technology to provide you with a power cord that is second to none. Whether you're in a studio, on a stage, or in a professional setting, the NEUTRIK power cord premium series is the right choice.

ASSEMBLED IN USA

Our cords are proudly assembled in the United States, meeting the highest industry standards. U.S.-based production ensures the quality and reliability you can count on – along with optimal lead times.

When it comes to power cords, the NEUTRIK premium power cable series stands head and shoulders above the rest. Don't compromise on quality, safety, or reliability – choose the premium in power cords.

premium REWIRABLE CABLE ASSEMBLIES
